

STANDARD PLUS PACKAGE

This package researches four surnames from your chosen starting point and will take a line back to your 8 great grandparents as highlighted by the coloured boxes.

Unlike the Starter and Standard packages, the Standard Plus package is limited to the number of generations indicated above. This is because of the amount of work involved in researching up to a further 16 ancestors at great-great grandparent level. If you wanted to find out more about any (or all) of your great-great grandparents I'd be delighted to take this research forward on a pay-as-you-go basis.
